UNITED STATES WILL RECOGNIZE REPUBLIC OF PANAMA

President Roosevelt Expected to Make the Announcement to That Effect Today.

Officers of This Government Have Assumed Full Charge of Affairs on the Isthmus.

WASHINGTON, Nov. 5.—There were some interesting developments today as to the method of congressional procedure on the Cuban reciprocity treaty. That treaty was amended by the senate adding the words: "This treaty shall not take effect until the senate shall have been approved by the congress."

It has been generally supposed that a joint resolution or a bill approving the treaty would be all that was necessary, but members of the house and some senators take an entirely different view. They say that a bill must be passed reducing the duty on the products of Cuba and that every provision affecting duties must be enacted into legislation.

Defective Provision.

Representative Tamm of Minnesota, who was leader of the Republican minority that opposed the reciprocity bill in the last congress, said today that the provision requiring congressional approval when inserted in the treaty was known to him to be defective and open to objections. The treaty of 1823, which Great Britain for reciprocity with Canada, and the treaty of 1825 with Hawaii, he added, both contained a bill restricting the very beginning stating that when suitable legislation was enacted by congress to carry out the provisions of the treaties then the president should issue a proclamation.

Both resolutions were followed by legislation in the form of a bill restricting the articles that were to be admitted duty free. Mr. Tamm contends that to prove the treaty by a simple resolution would be void, and asserts that the sugar provision of the treaty is nothing more than a pledge of the good faith of the government.

Mr. Tamm would have the sugar provision of the treaty be made a part of the law, and he contends that the treaty is not a part of the law.

Resolution Won't Do.

The finance committee, which will meet tomorrow, will decide upon the subject of the legislation to be introduced in the form of a bill rather than a resolution. The committee is divided, but approval will be all that is necessary, but some senators, notably Senator Tamm of Colorado, think that if an attempt is made in any form it will raise the question of a constitutional question which would cause a long debate in the senate. Mr. Tamm expects that the whole treaty will be opened for discussion in the Cuban measure, and that it will be taken into the regular session before action is taken on the reciprocity treaty.

This afternoon Representative Payne, of Tennessee, introduced a bill to amend the tariff act of 1902, so as to provide for the admission of sugar into the United States.

The bill provides that the sugar shall be admitted duty free, and that the tariff shall be reduced to 10 cents per pound.

A MILD REQUEST.

COMMANDER HUBBARD IN CONTROL.

Panama, Nov. 5, 2 p. m.—General Tovar and his staff have at last been convinced of the uselessness of their resistance to the provisional government and have accepted the terms offered by the junta. They will embark this afternoon for Colon on an express train, and will leave immediately on the Royal Mail steamer Orinoco for Cartagena. The arrangement to this end was made through the efforts of Commander Hubbard of the United States gunboat Nashville, Superintendent Shaler and Assistant Superintendent Prescott of the Panama railroad, who guarantee that both parties will fulfill the agreements.

There is great rejoicing all over the city, because the stability of the republic now seems assured. The fact that troops were already moving toward the line probably decided General Tovar and his staff to accept the terms of the junta.

STRIKE CALLED FOR NEXT MONDAY

United Mine Workers in This District Ordered to Lay Down Their Tools Until an Agreement is Reached.

DENVER, Colo., Nov. 5.—Governor Peabody and Commissioner of Labor Montgomery have practically given up hope of being able to avert a general strike of coal miners in this district, which includes Colorado, New Mexico, Utah and Wyoming. Mr. Montgomery, speaking of the situation, said: "I don't know what we are going to do. If the miners persist in calling a strike, unless a conference is arranged by Nov. 8, then I am afraid there will be a strike. We have been in every way to bring about a conference and have failed."

It is understood that the Colorado Fuel and Iron company and the Victor Fuel company, which employ the greater portion of the men who will be affected by a strike, have unequivocally refused to operate by the terms of the proposed agreement. The miners are determined to accept their own employment.

Notice Posted.

Notices posted at all the coal mines in this district Nov. 5, and signed by President Mitchell.

POOR LIGHTS CAUSE PROTEST

Business Houses Ask Commercial Club's Assistance.

MR. CAMPBELL EXPLAINS

SAYS COMPANY IS HASTENING TO REMEDY DEFECT.

THE ALLEGED defective service of the Utah Light & Power company is to be investigated by a committee of the Commercial club. At a meeting of the board of governors last evening the following petition was presented:

Salt Lake City, Utah, Oct. 29, 1903.

To the President and Board of Governors of the Commercial Club:

Dear Sirs:—The undersigned members and merchants of this city respectfully ask your good offices and assistance in a matter that is of the utmost importance in the successful transaction of a retail business. We are wholly dependent upon the Utah Light & Power company for our lighting service. We pay a maximum price for the poorest possible light. It is well known that this company's plant is entirely inadequate to supply the needs of the business district of this city. On a Saturday evening the lights are out, and the business district is left in darkness. The company has no money to pay for the lights, and the lights are out. The company has no money to pay for the lights, and the lights are out.

Our repeated complaints appear to receive no attention. The company has not been remedied, and this poor service is a serious matter. The large volume of holiday business that we hope to transact is being lost. The company has no money to pay for the lights, and the lights are out.
